# Number of Orders for Each Type of Customers

The total number of orders for each type (represented by customer title) of customers.

This can help the company to allocate time and resource more efficiently based on client company representative type.

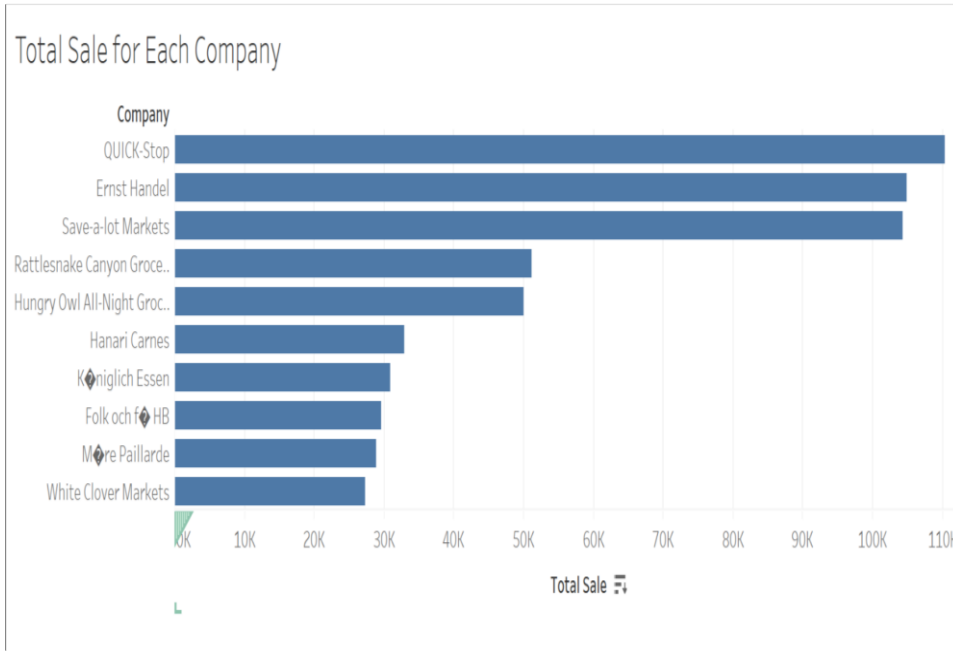

# Number of Orders for Each Company in 2015

The top customers ordered by total number of orders in 2015 (only those having > 6 orders are shown).

This indicates the most active companies in the year 2015.

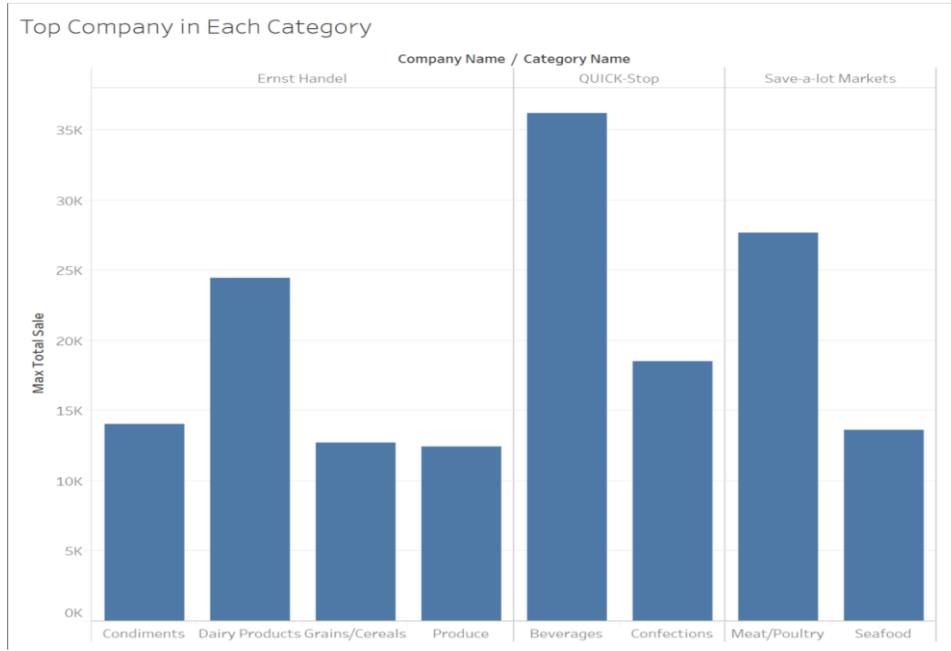

# Total Sale for Each Company

The top 10 customers with largest total sales in all years.

This can help the company to focus on those making the largest sales.

# Top Company in Each Category of Products

The highest total sale by companies in categories of products are occupied by three companies.

It also shows the Beverages category contributes the most for the total sale.
